I have forwarded you the call in # via separate email. Please include all email address w/ the slides so they can be loaded on the AFPMB's computer for the Pesticide Committee meeting.

Thanks.

Cliff

Cliff, Kevin,

I will provide some slides for this presentation early tomorrow. Is there a call in number for this meeting that we can call into? Also, I have a conflict that will really only make it possible for me to talk at the very end of the session (11:30) will this work?

Best,  
Rusty

Rusty,

If you want to send me some PowerPoint slides, w/ your thoughts, I can provide the update for you. Some questions may surface regarding the recent attached email. Committee members are interested to know why the mfg perspective is different from EPA.

Good Afternoon Cliff,

Is it possible to provide the rodenticides update over the phone? Since I gave the background last October, I will likely only have 3-4 minutes of update and then whatever questions members of the board have. Please let me know your preference.

Best,  
Rusty

Rusty,

Can you provide an update on rodenticides to the AFPMB? Please contact Cliff Myers directly. See attached agenda and cc me and Linda on your mail to Cliff.

Linda/Kevin,

Attached is the draft Pesticides Committee agenda scheduled for Wed April, 10, 2013 from 1000 to 1145 hours. Please advise if you are able to attend and can provide an update on the topics that are designated as having an EPA update. Thanks. I have also attached a schedule for all of the AFPMB committees during the week of the AFPMB meeting. Any questions, please advise.
